

Assisting in discovering and growing potential

Imagination Circle Ltd is a social enterprise (company limited by guarantee) serving as a facilitator in increasing and supporting the discovery and growth of potential, talents and strengths among young people.

We work with children and youth on their journey to find, grow and learn to use their strengths and talents well.

Our programs include extracurricular activities, personal and interpersonal leadership development, creative and innovative programming as ways to nurture a whole person, promote effectiveness and transform lives.

Our mission is to assist children and youth to find, grow and learn to use their strengths and talents well.

Our goals;

- a) To build useful strengths and talents.
- b) To nurture good values in children and youth from a young age.
- c) To promote creative and effective ways of learning and living.
- d) To create and promote productive employment opportunities for youth.
- e) To facilitate professional growth and development.

Since our start in 2018, we have reached, served and transformed lives of young people of diverse backgrounds and lifestyles.

Through leading extracurricular/afterschool activities, organizing and facilitating trainings for teachers and leaders, creating and implementing exchange programs between people with different experiences and perspectives, organizing and managing events and actively supporting others causing positive social change.
